including respiratory protection.

14/06/2017 EN (English) 4/12

#### **SECTION 6: Accidental release measures**

## 6.1. Personal precautions, protective equipment and emergency procedures

General measures

Use special care to avoid static electric charges. Keep away

from heat, sparks, open flames, hot surfaces. – No smoking. Avoid breathing (vapour, mist, spray). Use only outdoors or in a well-ventilated area. Avoid all eyes and skin contact and do not breathe vapour and mist. Handle in accordance with good industrial hygiene and safety practice. Do not allow

product to spread into the environment.

Hot organic chemical vapors or mists are susceptible to spontaneous combustion when mixed with air, ignition may occur below auto ignition temperature. Ignition temperatures will decrease with increasing vapour volumes, vapor air contact time, and pressure changes. Ignition may occur at elevated-temperature process conditions, especially under a vacuum. . Handle empty containers with care because

residual vapours are flammable.

Precautions for safe handling Obtain special instructions before use. Do not handle until all

safety precautions have been read and understood. Use only non-sparking tools. Keep away from heat, sparks, open flames, hot surfaces. – No smoking. Avoid breathing mist, spray, vapours.
