Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830 Revision date: 04/06/2021 Date of issue: 23/05/2013

Version: 5.0

NuSil

Avanto

# SECTION 1: Identification of the Substance/mixture and of the Company/Undertaking

#### 1.1. Product Identifier

Product form Product Name Synonyms Mixture R-2637 Part A Silicone Elastomer

## 1.2. Relevant Identified Uses of the Substance or Mixture and Uses Advised Against

**1.2.1. Relevant Identified Uses** Use of the Substance/Mixture

e For professional use only.

#### 1.2.2. Uses Advised Against

No additional information available

#### 1.3. Details of the Supplier of the Safety Data Sheet

NuSil Technology Europe 1198 Avenue Maurice Donat Le Natura Bt. 2 06250 Mougins France +33 4 92 96 93 31 ehs@nusil.com www.nusil.com

#### 1.4. Emergency Telephone Number

Emergency Number : 800-424-9300 CHEMTREC (in US); +1 703-527-3887 CHEMTREC (International and Maritime) +(44)-870-8200418 +(353)-19014670

## **SECTION 2: Hazards Identification**

#### 2.1. Classification of the Substance or Mixture

#### Classification According to Regulation (EC) No. 1272/2008 [CLP]

Skin Sens. 1 H317 Aquatic Acute 1 H400 Aquatic Chronic 3 H412 Full text of hazard classes and H-statements : see section 16

#### 2.2. Label Elements

#### Labelling According to Regulation (EC) No. 1272/2008 [CLP]

Hazard Pictograms (CLP)

Precautionary Statements (CLP)

| GHS07 GHS09  |
|--|
| Warning  |
| H317 - May cause an allergic skin reaction.                  |
| H410 - Very toxic to aquatic life with long lasting effects. |
| P261 - Avoid breathing vapours, mist, spray                  |
| P272 - Contaminated work clothing should not be allowed out  |
| of the workplace.  |

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

P273 - Avoid release to the environment. P280 - Wear eye protection, protective clothing, protective gloves

P302+P352 - IF ON SKIN: Wash with plenty of water

P321 - Specific treatment (see Section 4 on this SDS) P333+P313 - If skin irritation or rash occurs: Get medical

advice/attention.

P362+P364 - Take off contaminated clothing and wash it before reuse.

P391 - Collect spillage.

P501 - Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.

#### 2.3. Other Hazards

Other Hazards Not Contributing to the Classification

Exposure may aggravate pre-existing eye, skin, or respiratory conditions.

## **SECTION 3: Composition/Information on Ingredients**

#### 3.1. Substances

Not applicable

#### 3.2. Mixture

| Name   | Product Identifier   | %       | Classification According to<br>Regulation (EC) No.<br>1272/2008 [CLP]                                      |
|--------|--|---------|--|
| Nickel | (CAS-No.) 7440-02-0<br>(EC-No.) 231-111-4<br>(EC Index-No.) 028-002-00-7 | 50 - 70 | Skin Sens. 1, H317<br>Carc. 2, H351<br>STOT RE 1, H372<br>Aquatic Acute 1, H400<br>Aquatic Chronic 3, H412 |
| Silver | (CAS-No.) 7440-22-4<br>(EC-No.) 231-131-3                                | 10 - 30 | Not classified   |

Full text of H-statements: see section 16

The Nickel component of this product is bound in a silicon matrix. The chronic hazards usually associated with Nickel are not applicable to this product.

#### **SECTION 4: First Aid Measures**

#### 4.1. Description of First-aid Measures

| First-Aid Measures General               | Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).                     |
|--|---|
| First-Aid Measures After<br>Inhalation   | When symptoms occur: go into open air and ventilate<br>suspected area. Obtain medical attention if breathing difficulty<br>persists.                |
| First-Aid Measures After Skin<br>Contact | Remove contaminated clothing. Drench affected area with water for at least 15 minutes. Obtain medical attention if irritation develops or persists. |

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| First-Aid Measures After Eye<br>Contact | Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention. |
|---|--|
| First-Aid Measures After                | Rinse mouth. Do NOT induce vomiting. Obtain medical  |
| Ingestion                               | attention.   |
| 4.2. Most Important Symptoms            | and Effects Both Acute and Delayed   |
| Symptoms/Effects                        | Skin sensitisation.  |
| Symptoms/Effects After<br>Inhalation    | Prolonged exposure may cause irritation.   |
| Symptoms/Effects After Skin<br>Contact  | May cause an allergic skin reaction.   |
| Symptoms/Effects After Eye<br>Contact   | May cause slight irritation to eyes.   |
| Symptoms/Effects After<br>Ingestion     | Ingestion may cause adverse effects.   |
| Chronic Symptoms                        | None expected under normal conditions of use.  |
| 4.3. Indication of Any Immedi           | ate Medical Attention and Special Treatment Needed   |

If exposed or concerned, get medical advice and attention. If medical advice is needed, have product container or label at hand.

## **SECTION 5: Firefighting Measures**

#### 5.1. Extinguishing Media

| Suitable Extinguishing Media   | Water spray, dry chemical, foam, carbon dioxide.              |
|--------------------------------|---|
| Unsuitable Extinguishing Media | Do not use a heavy water stream. Use of heavy stream of water |
|                                | may spread fire.  |

#### 5.2. Special Hazards Arising From the Substance or Mixture

Not considered flammable but may burn at high temperatures. Product is not explosive. Hazardous reactions will not occur under normal conditions. Carbon dioxide. Carbon monoxide. Silicon oxides. Oxides of nickel.

## 5.3. Advice for Firefighters

Precautionary Measures Fire Firefighting Instructions Protection During Firefighting Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Do not enter fire area without proper protective equipment, including respiratory protection.

Other Information

Do not allow run-off from fire fighting to enter drains or water courses.

### **SECTION 6: Accidental Release Measures**

#### 6.1. Personal Precautions, Protective Equipment and Emergency Procedures

| General Measures                 | Do not get in eyes, on skin, or on clothing. Do not breathe vapour, mist or spray. |
|----------------------------------|--|
| 6.1.1. For Non-Emergency Personn | nel  |
| Protective Equipment             | Use appropriate personal protective equipment (PPE).                               |
| Emergency Procedures             | Evacuate unnecessary personnel.  |
| 6.1.2. For Emergency Responders  |  |
| Protective Equipment             | Equip cleanup crew with proper protection.   |

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| Emergency Procedures | Upon arrival at the scene, a first responder is expected to     |
|----------------------|---|
|                      | recognize the presence of dangerous goods, protect oneself      |
|                      | and the public, secure the area, and call for the assistance of |
|                      | trained personnel as soon as conditions permit. Ventilate area. |
|                      |   |

#### 6.2. Environmental Precautions

Prevent entry to sewers and public waters. Avoid release to the environment. Collect spillage.

#### 6.3. Methods and Materials for Containment and Cleaning Up

|                         | J  |
|-------------------------|--|
| For Containment         | Contain any spills with dikes or absorbents to prevent migration |
|                         | and entry into sewers or streams.                                |
| Methods For Cleaning Up | Clean up spills immediately and dispose of waste safely.         |
|                         | Transfer spilled material to a suitable container for disposal.  |
|                         | Contact competent authorities after a spill.                     |
|                         |  |

#### 6.4. Reference to Other Sections

See Section 8 for exposure controls and personal protection and Section 13 for disposal considerations.

## **SECTION 7: Handling And Storage**

#### 7.1. Precautions for Safe Handling

| Additional Hazards When<br>Processed | Contains substances that are combustible dusts. If dried and allowed to accumulate, may form combustible dust concentrations in air that could ignite and cause an explosion.   |
|--------------------------------------|---|
| Precautions for Safe Handling        | Take appropriate precautions.<br>Wash hands and other exposed areas with mild soap and  |
|                                      | water before eating, drinking or smoking and when leaving<br>work. Obtain special instructions before use. Do not handle until<br>all safety precautions have been read and understood. Do not<br>get in eyes, on skin, or on clothing. Do not breathe vapours,<br>mist, spray. |
| Hygiene Measures                     | Handle in accordance with good industrial hygiene and safety procedures.  |
| 7.2. Conditions for Safe Store       | age, Including Any Incompatibilities  |
| Technical Measures                   | Comply with applicable regulations.   |
| Storage Conditions                   | Keep container closed when not in use. Store in a dry, cool<br>place. Keep/Store away from direct sunlight, extremely high or<br>low temperatures and incompatible materials.   |
| Incompatible Materials               | Strong acids, strong bases, strong oxidizers. Organic solvents.<br>Hydrogen. Ammonia. Fluorine. Sulfur compounds.   |

#### 7.3. Specific End Use(S)

Use for RFI and EMI shielding in electronic and space applications. For professional use only.

## SECTION 8: Exposure Controls/Personal Protection

#### 8.1. Control Parameters

| Nickel (7440-02-0) |                            |  |

#### 8.2. Exposure Controls

Appropriate Engineering Controls Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure adequate ventilation, especially in confined areas. Ensure all national/local regulations are observed.

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Personal Protective Equipment

Gloves. Protective clothing. Protective goggles. Insufficient ventilation: wear respiratory protection.

Materials for Protective Clothing Hand Protection Eye Protection Skin and Body Protection Respiratory Protection Chemically resistant materials and fabrics. Wear protective gloves. Chemical safety goggles. Wear suitable protective clothing. If exposure limits are exceeded or irritation is experienced, approved respiratory protection should be worn. In case of inadequate ventilation, oxygen deficient atmosphere, or where exposure levels are not known wear approved respiratory protection. When using, do not eat, drink or smoke.

Other Information

## SECTION 9: Physical and Chemical Hazards

#### 9.1. Information on Basic Physical and Chemical Properties

| Physical State                        | Liquid            |
|---------------------------------------|-------------------|
| Colour                                | Tan               |
| Odour                                 | Odourless         |
| Odour Threshold                       | No data available |
| рН                                    | No data available |
| Evaporation Rate                      | No data available |
| Melting Point                         | No data available |
| Freezing Point                        | No data available |
| Boiling Point                         | No data available |
| Flash Point                           | > 135 °C (275 °F) |
| Auto-Ignition Temperature             | No data available |
| Decomposition Temperature             | No data available |
| Flammability (Solid, Gas)             | Not applicable    |
| Vapour Pressure                       | No data available |
| Relative Vapour Density At 20 °C      | No data available |
| Relative Density                      | > 1 (water = 1)   |
| Solubility                            | No data available |
| Partition Coefficient n-Octanol/Water | No data available |
| Viscosity, Kinematic                  | No data available |
| Viscosity, Dynamic                    | No data available |
| Explosive Properties                  | No data available |
| Oxidising Properties                  | No data available |
| Explosive Limits                      | No data available |
| 9.2. Other Information                |                   |
| VOC content < 1                       | %                 |

## **SECTION 10: Stability and Reactivity**

#### 10.1. Reactivity

Hazardous reactions will not occur under normal conditions.

Safety Data Sheet According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

#### 10.2. Chemical Stability

Stable under recommended handling and storage conditions (see section 7).

#### 10.3. Possibility Of Hazardous Reactions

Hazardous polymerization will not occur.

#### 10.4. Conditions To Avoid

Direct sunlight, extremely high or low temperatures, and incompatible materials.

#### 10.5. Incompatible Materials

Strong acids, strong bases, strong oxidizers. Organic solvents. Hydrogen. Ammonia. Fluorine. Sulfur compounds.

#### 10.6. Hazardous Decomposition Products

Nickel carbonyl gas.

## **SECTION 11: Toxicological Information**

#### 11.1. Information On Toxicological Effects

Acute Toxicity

Not classified (Based on available data, the classification criteria are not met)

| Nickel (7440-02-0)                                  |   |  |  |
|---|---|--|--|
| LD50 Oral Rat                                       | > 9000 mg/kg  |  |  |
| LC50 Inhalation Rat                                 | > 10,2 mg/l (Exposure time: 1 h)  |  |  |
| Silver (7440-22-4)                                  |   |  |  |
| LD50 Oral Rat                                       | > 5000 mg/kg  |  |  |
| LD50 Dermal Rat                                     | > 2000 mg/kg  |  |  |
| Skin Corrosion/Irritation                           | Not classified (Based on available data, the classification criteria are not met)   |  |  |
| Eye Damage/Irritation                               | Not classified (Based on available data, the classification criteria are not met)   |  |  |
| Respiratory or Skin Sensitization                   | May cause an allergic skin reaction.  |  |  |
| Germ Cell Mutagenicity                              | Not classified (Based on available data, the classification criteria are not met)   |  |  |
| Carcinogenicity                                     | Not classified (The nickel in this product is non-respirable.<br>Carcinogencity hazards do not apply.)                    |  |  |
| Reproductive Toxicity                               | Not classified (Based on available data, the classification criteria are not met)   |  |  |
| Specific Target Organ Toxicity<br>(Single Exposure) | Not classified (Based on available data, the classification criteria are not met)   |  |  |
| Specific Target Organ Toxicity (Re<br>Exposure)     | epeated Not classified (The nickel in this product is non-<br>respirable. Specific target organ hazards do not<br>apply.) |  |  |
| Aspiration Hazard                                   | Not classified  |  |  |

## **SECTION 12: Ecological Information**

#### 12.1. Toxicity

| Ecology - General  | Very toxic to aquatic life. Harmful to aquatic life with long lasting effects. |
|--------------------|--|
| Nickel (7440-02-0) |  |
| LC50 Fish 1        | 100 mg/l (Exposure time: 96 h - Species: Brachydanio rerio)                    |
|                    |  |

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| Nickel (7440-02-0)        |   |
|---------------------------|---|
| EC50 Daphnia 1            | 100 mg/l (Exposure time: 48 h - Species: Daphnia magna)                                 |
| LC50 Fish 2               | 15,3 mg/l   |
| EC50 Daphnia 2            | 1 mg/l (Exposure time: 48 h - Species: Daphnia magna [Static])                          |
| Silver (7440-22-4)        |   |
| LC50 Fish 1               | 0,00155 - 0,00293 mg/l (Exposure time: 96 h - Species:<br>Pimephales promelas [static]) |
| EC50 Daphnia 1            | 0,00024 mg/l (Exposure time: 48 h - Species: Daphnia magna<br>[Static])                 |
| LC50 Fish 2               | 0,0062 mg/l (Exposure time: 96 h - Species: Oncorhynchus mykiss<br>[flow-through])      |
| NOEC Chronic Fish         | 390 ng/l (Exposure time: 28d - Species: Pimephales promelas)                            |
| 12.2. Persistence and Deg | radability  |

| R-2637 | Part A |  |
|--------|--------|--|
| N-200/ | IUIIA  |  |

Persistence and Degradability May cause long-term adverse effects in the environment.

#### 12.3. Bioaccumulative Potential

R-2637 Part A

| Bioaccumulative potential | Not established. |
|---------------------------|------------------|

#### 12.4. Mobility in Soil

No additional information available

#### 12.5. Results of PBT and vPvB assessment

No additional information available

#### 12.6. Other Adverse Effects

Other Information

Avoid release to the environment.

## **SECTION 13: Disposal Considerations**

#### 13.1. Waste Treatment Methods

| Product/Packaging Disposal | Dispose of contents/container in accordance with local,   |
|----------------------------|---|
| Recommendations            | regional, national, territorial, provincial, and international regulations.   |
| Additional Information     | Container may remain hazardous when empty. Continue to observe all precautions.   |
| Ecology - Waste Materials  | Avoid release to the environment. This material is hazardous to<br>the aquatic environment. Keep out of sewers and waterways. |

## **SECTION 14: Transport Information**

The shipping description(s) stated herein were prepared in accordance with certain assumptions at the time the SDS was authored, and can vary based on a number of variables that may or may not have been known at the time the SDS was issued. accordance with ADP / PID / IMDG / IATA / ADN

#### 14.6. Special Precautions For User

No additional information available

**14.7. Transport in Bulk According to Annex II of MARPOL and The IBC Code** Not applicable

## SECTION 15: Regulatory Information

## 15.1. Safety, Health and Environmental Regulations/Legislation Specific for the Substance or Mixture

#### 15.1.1. EU-Regulations

Contains no substance on the REACH candidate list Contains no REACH Annex XIV substances

#### 15.1.2. National Regulations

No additional information available

#### 15.2. Chemical Safety Assessment

No chemical safety assessment has been carried out

## **SECTION 16: Other Information**

#### Indication of Changes

| Section | Section Header   | Change   | Date Changed |
|---------|--|----------|--------------|
| 1       | Identification of the Substance/mixture and of the Company/Undertaking | Modified | 04/06/2021   |
| 2       | Hazards identification   | Modified | 04/06/2021   |
| 3       | Composition/information on ingredients                                 | Modified | 04/06/2021   |
| 14      | Transport information  | Modified | 04/06/2021   |

Date of Preparation or Latest 04/06/2021 Revision

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| Data Sources      | Information and data obtained and used in the authoring of this safety data sheet could come from database subscriptions, official government regulatory body websites,                |
|-------------------|--|
|                   | product/ingredient manufacturer or supplier specific<br>information, and/or resources that include substance specific<br>data and classifications according to GHS or their subsequent |
|                   | adoption of GHS.   |
| Other Information | According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830   |

#### Full Text of H- and EUH-statements:

| Aquatic Acute 1   | Hazardous to the aquatic environment — Acute Hazard,           |  |
|-------------------|--|--|
|                   | Category 1   |  |
| Aquatic Chronic 3 | Hazardous to the aquatic environment — Chronic Hazard,         |  |
|                   | Category 3   |  |
| Carc. 2           | Carcinogenicity, Category 2                                    |  |
| Skin Sens. 1      | Skin sensitisation, Category 1                                 |  |
| STOT RE 1         | Specific target organ toxicity — Repeated exposure, Category 1 |  |
| H317              | May cause an allergic skin reaction.                           |  |
| H351              | Suspected of causing cancer.                                   |  |
| H372              | Causes damage to organs through prolonged or repeated          |  |
|                   | exposure.  |  |
| H400              | Very toxic to aquatic life.                                    |  |
| H412              | Harmful to aquatic life with long lasting effects.             |  |

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

The information provided in this Safety Data Sheet (SDS) was prepared based on data believed to be accurate as of the date of this SDS. TO THE GREATEST EXTENT PERMITTED BY LAW, NUSIL TECHNOLOGY LLC AND ITS AFFILIATED COMPANIES ("NUSIL") EXPRESSLYDISCLAIMS ANY AND ALL REPRESENTATIONS AND WARRANTIES REGARDING THE INFORMATION CONTAINED HEREIN INCLUDING, WITHOUT LIMITATION, AS TO ACCURACY, COMPLETENESS, FITNESS FOR PURPOSE OR USE, MERCHANTABILITY, NON-INFRINGEMENT, PERFORMANCE, SAFETY, SUITABILITY AND STABILITY. This SDS is intended as a guide to the appropriate use, handling, storage and disposal of the product to which it relates by properly trained personnel, and is not intended to be comprehensive. Users of NuSil's products are advised to perform their own tests and to exercise their own judgment to determine the safety, suitability and appropriate use, handling, storage and disposal of each product and product combination for their own purposes and uses. TO THE GREATEST EXTENT PERMITTED BY LAW, NUSIL DISCLAIMS LIABILITY FOR, AND BY USING NUSIL'S PRODUCTS PURCHASER AGREES THAT UNDER NO CIRCUMSTANCES SHALL NUSIL BE LIABLE FOR, SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES OF ANY TYPE OR KIND, INCLUDING WITHOUT LIMITATION, FOR LOSS OF PROFITS, REPUTATIONAL DAMAGE, PRODUCT **RECALL OR BUSINESS INTERRUPTION.** 

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830 Revision date: 04/06/2021 Date of issue: 23/05/2013

Version: 5.0

NuSil

Avantor

# SECTION 1: Identification of the Substance/mixture and of the Company/Undertaking

#### 1.1. Product Identifier

Product form Product Name Synonyms Mixture R-2637 Part B Silicone Elastomer

#### 1.2. Relevant Identified Uses of the Substance or Mixture and Uses Advised Against

#### 1.2.1. Relevant Identified Uses

Use of the Substance/Mixture For professional use only.

#### 1.2.2. Uses Advised Against

No additional information available

#### 1.3. Details of the Supplier of the Safety Data Sheet

NuSil Technology Europe 1198 Avenue Maurice Donat Le Natura Bt. 2 06250 Mougins France +33 4 92 96 93 31 ehs@nusil.com www.nusil.com

#### 1.4. Emergency Telephone Number

Emergency Number : 800-424-9300 CHEMTREC (in US); +1 703-527-3887 CHEMTREC (International and Maritime) +(44)-870-8200418 +(353)-19014670

## **SECTION 2: Hazards Identification**

#### 2.1. Classification of the Substance or Mixture

Classification According to Regulation (EC) No. 1272/2008 [CLP] Not classified

#### 2.2. Label Elements

## Labelling According to Regulation (EC) No. 1272/2008 [CLP]

No labelling applicable

#### 2.3. Other Hazards

Other Hazards Not Contributing Exposure may aggravate pre-existing eye, skin, or respiratory conditions.

## SECTION 3: Composition/Information on Ingredients

#### 3.1. Substances

Not applicable

#### 3.2. Mixture

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

This mixture does not contain any substances to be mentioned according to the criteria of section 3.2 of REACH annex II

## **SECTION 4: First Aid Measures**

#### 4.1. Description of First-aid Measures

| First-Aid Measures General          | Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). |
|-------------------------------------|---|
| First-Aid Measures After            | When symptoms occur: go into open air and ventilate   |
| Inhalation                          | suspected area. Obtain medical attention if breathing difficulty persists.  |
| First-Aid Measures After Skin       | Remove contaminated clothing. Drench affected area with   |
| Contact                             | water for at least 15 minutes. Obtain medical attention if irritation develops or persists.                                     |
| First-Aid Measures After Eye        | Rinse cautiously with water for at least 15 minutes. Remove   |
| Contact                             | contact lenses, if present and easy to do. Continue rinsing.  |
|                                     | Obtain medical attention.   |
| First-Aid Measures After            | Rinse mouth. Do NOT induce vomiting. Obtain medical   |
| Ingestion                           | attention.  |
| 4.2. Most Important Symptoms        | and Effects Both Acute and Delayed  |
| Symptoms/Effects                    | Not expected to present a significant hazard under anticipated conditions of normal use.  |
| Symptoms/Effects After              | Prolonged exposure may cause irritation.  |
| Inhalation                          |   |
| Symptoms/Effects After Skin         | Prolonged exposure may cause skin irritation.   |
| Contact                             |   |
| Symptoms/Effects After Eye          | May cause slight irritation to eyes.  |
| Contact                             |   |
| Symptoms/Effects After<br>Ingestion | Ingestion may cause adverse effects.  |
| Chronic Symptoms                    | None expected under normal conditions of use.   |
|                                     | to Modical Attention and Special Treatment Needed   |

**4.3.** Indication of Any Immediate Medical Attention and Special Treatment Needed If exposed or concerned, get medical advice and attention. If medical advice is needed, have product container or label at hand.

## **SECTION 5: Firefighting Measures**

#### 5.1. Extinguishing Media

| Suitable Extinguishing Media    | Water spray, dry chemical, foam, carbon dioxide.              |
|---------------------------------|---|
| Unsuitable Extinguishing Media  | Do not use a heavy water stream. Use of heavy stream of water |
|                                 | may spread fire.  |
| 5.2. Special Hazards Arising Fi | rom the Substance or Mixture                                  |
| Fire Hazard                     | Not considered flammable but may burn at high temperatures.   |
| Explosion Hazard                | Product is not explosive.                                     |
| Reactivity                      | Hazardous reactions will not occur under normal conditions.   |
| Hazardous Decomposition         | Carbon oxides (CO, CO2). Silicon oxides.                      |
| Products in Case of Fire        |   |

#### 5.3. Advice for Firefighters

Precautionary Measures Fire Firefighting Instructions Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers.

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| Protection During Firefighting | Do not enter fire area without proper protective equipment, |  |
|--------------------------------|---|--|
|                                | including respiratory protection.                           |  |

## **SECTION 6: Accidental Release Measures**

#### 6.1. Personal Precautions, Protective Equipment and Emergency Procedures

General Measures

Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist, spray).

#### 6.1.1. For Non-Emergency Personnel

| Protective Equipment            | Use appropriate personal protective equipment (PPE).   |  |
|---------------------------------|--|--|
| Emergency Procedures            | Evacuate unnecessary personnel.  |  |
| 6.1.2. For Emergency Responders |  |  |
| Protective Equipment            | Equip cleanup crew with proper protection.   |  |
| Emergency Procedures            | Upon arrival at the scene, a first responder is expected to recognize the presence of dangerous goods, protect oneself and the public, secure the area, and call for the assistance of trained personnel as soon as conditions permit. Ventilate area. |  |
|                                 |  |  |

#### 6.2. Environmental Precautions

Prevent entry to sewers and public waters.

#### 6.3. Methods and Materials for Containment and Cleaning Up

| For Containment         | Contain any spills with dikes or absorbents to prevent migration |
|-------------------------|--|
|                         | and entry into sewers or streams.                                |
| Methods For Cleaning Up | Clean up spills immediately and dispose of waste safely.         |
|                         | Transfer spilled material to a suitable container for disposal.  |
|                         | Contact competent authorities after a spill.                     |

#### 6.4. Reference to Other Sections

See Section 8 for exposure controls and personal protection and Section 13 for disposal considerations.

## **SECTION 7: Handling And Storage**

#### 7.1. Precautions for Safe Handling

| Precautions for Safe Handling | Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving |
|-------------------------------|---|
|                               | work. Avoid prolonged contact with eyes, skin and clothing.   |
|                               | Avoid breathing vapors, mist, spray.  |
| Hygiene Measures              | Handle in accordance with good industrial hygiene and safety  |
|                               | procedures.   |
| 7.0 Conditions for Safe Stora | as including Any incompatibilities  |

#### 7.2. Conditions for Safe Storage, Including Any Incompatibilities

| Technical Measures     | Comply with applicable regulations.                            |
|------------------------|--|
| Storage Conditions     | Keep container closed when not in use. Store in a dry, cool    |
|                        | place. Keep/Store away from direct sunlight, extremely high or |
|                        | low temperatures and incompatible materials.                   |
| Incompatible Materials | Strong acids, strong bases, strong oxidizers.                  |

#### 7.3. Specific End Use(S)

Use for RFI and EMI shielding in electrical and space applications. For professional use only.

## SECTION 8: Exposure Controls/Personal Protection

#### 8.1. Control Parameters

No additional information available

Safety Data Sheet According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

#### 8.2. Exposure Controls

Appropriate Engineering Controls

Personal Protective Equipment

Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure adequate ventilation, especially in confined areas. Ensure all national/local regulations are observed. Gloves. Protective clothing. Protective goggles.

Materials for Protective Clothing Hand Protection Eye Protection Skin and Body Protection Respiratory Protection Chemically resistant materials and fabrics. Wear protective gloves. Chemical safety goggles. Wear suitable protective clothing. If exposure limits are exceeded or irritation is experienced, approved respiratory protection should be worn. In case of inadequate ventilation, oxygen deficient atmosphere, or where exposure levels are not known wear approved respiratory protection. When using, do not eat, drink or smoke.

Other Information

## **SECTION 9: Physical and Chemical Hazards**

#### 9.1. Information on Basic Physical and Chemical Properties

|                                       | i chemicai i topenie |
|---------------------------------------|----------------------|
| Physical State                        | Liquid               |

Safety Data Sheet According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

## **SECTION 10: Stability and Reactivity**

#### 10.1. Reactivity

Hazardous reactions will not occur under normal conditions.

#### 10.2. Chemical Stability

Stable under recommended handling and storage conditions (see section 7).

#### 10.3. Possibility Of Hazardous Reactions

Hazardous polymerization will not occur.

#### 10.4. Conditions To Avoid

Direct sunlight, extremely high or low temperatures, and incompatible materials.

#### 10.5. Incompatible Materials

Strong acids, strong bases, strong oxidizers.

#### 10.6. Hazardous Decomposition Products

None expected under normal conditions of use.

## **SECTION 11: Toxicological Information**

#### 11.1. Information On Toxicological Effects

| Acute Toxicity                                      | Not classified (Based on available data, the classification criteria are not met) |  |  |
|---|---|--|--|
| Skin Corrosion/Irritation                           | Not classified (Based on available data, the classification criteria are not met) |  |  |
| Eye Damage/Irritation                               | Not classified (Based on available data, the classification criteria are not met) |  |  |
| Respiratory or Skin Sensitization                   | Not classified (Based on available data, the classification criteria are not met) |  |  |
| Germ Cell Mutagenicity                              | Not classified (Based on available data, the classification criteria are not met) |  |  |
| Carcinogenicity                                     | Not classified (Based on available data, the classification criteria are not met) |  |  |
| Reproductive Toxicity                               | Not classified (Based on available data, the classificatio criteria are not met)  |  |  |
| Specific Target Organ Toxicity<br>(Single Exposure) | Not classified (Based on available data, the classification criteria are not met) |  |  |
| Specific Target Organ Toxicity (Rep<br>Exposure)    | Not classified (Based on available data, the classification criteria are not met) |  |  |
| Aspiration Hazard                                   | Not classified (Based on available data, the classification criteria are not met) |  |  |

## **SECTION 12: Ecological Information**

#### 12.1. Toxicity

Ecology - General Not classified.

#### 12.2. Persistence and Degradability R-2637 Part B

| R-2037 FUILD                  |                  |     |
|-------------------------------|------------------|-----|
| Persistence and Degradability | Not established. |     |
| 12.3. Bioaccumulative Potent  | ial              |     |
| R-2637 Part B                 |                  |     |
| Bioaccumulative potential     | Not established. |     |
| 04/06/2021                    | EN (English)     | 5/8 |

Safety Data Sheet According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

#### 12.4. Mobility in Soil

No additional information available

#### 12.5. Results of PBT and vPvB assessment

No additional information available

#### 12.6. Other Adverse Effects

Other Information

Avoid release to the environment.

## SECTION 13: Disposal Considerations

#### 13.1. Waste Treatment Methods

Product/Packaging Disposal<br/>RecommendationsDispose of contents/container in accordance with local,<br/>regional, national, territorial, provincial, and international<br/>regulations.Ecology - Waste MaterialsAvoid release to the environment.

## SECTION 14: Transport Information

The shipping description(s) stated herein were prepared in accordance with certain assumptions at the time the SDS was authored, and can vary based on a number of variables that may or may not have been known at the time the SDS was issued.

In accordance with ADR / RID / IMDG / IATA / ADN

| 14.1. UN Number                  |
|----------------------------------|
| Not regulated for transport      |
| 14.2. UN Proper Shipping Name    |
| Not regulated for transport      |
| 14.3. Transport Hazard Class(Es) |
| Not regulated for transport      |
| 14.4. Packing Group              |
| Not regulated for transport      |
| 14.5. Environmental Hazards      |
| Not regulated for transport      |

#### 14.6. Special Precautions For User

No additional information available

#### **14.7. Transport in Bulk According to Annex II of MARPOL and The IBC Code** Not applicable

## SECTION 15: Regulatory Information

## 15.1. Safety, Health and Environmental Regulations/Legislation Specific for the Substance or Mixture

#### 15.1.1. EU-Regulations

Contains no REACH substances with Annex XVII restrictions Contains no substance on the REACH candidate list Contains no REACH Annex XIV substances

#### 15.1.2. National Regulations

No additional information available

#### 15.2. Chemical Safety Assessment

No chemical safety assessment has been carried out

Safety Data Sheet According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

## **SECTION 16: Other Information**

#### Indication of Changes

| Section   | Section Header  |   |  | Change  | Date Changed   |  |
