Safety Data Sheet

According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of Revision: 11/02/2023 Date of Issue: 01/13/2014

Version: 5.0

## **SECTION 1: Identification**

#### 1.1. Product Identifier

Product Form Product Name Synonyms Mixture MED-4980 Part A Silicone Elastomer

### 1.2. Relevant Identified Uses of the Substance or Mixture and Uses Advised Against

Use of the Substance/Mixture For professional use only.

#### 1.3. Details of the Supplier of the Safety Data Sheet

NuSil Technology LLC 1050 Cindy Lane Carpinteria, California 93013 USA (805) 684-8780 productstewardship@avantorsciencesgcc.com www.nusil.com

#### 1.4. Emergency Telephone Number

Emergency800-424-9300 CHEMTREC (in US); +1 703-527-3887 CHEMTREC (International<br/>and Maritime)

## **SECTION 2: Hazards Identification**

#### 2.1. Classification of the Substance or Mixture

#### **GHS-US Classification**

Repr. 2H361Aquatic Chronic 3H412Full text of hazard classes and H-statements: see section 16

#### 2.2. Label Elements

#### GHS-US Labeling

Hazard Pictograms (GHS-US)

Warning

Signal Word (GHS-US) Hazard Statements (GHS-US)

Precautionary Statements (GHS-US)

P201 - Obtain special instructions before use.
P202 - Do not handle until all safety precautions have been read and understood.
P273 - Avoid release to the environment.
P280 - Wear protective gloves, protective clothing, and eye protection.

H361 - Suspected of damaging fertility or the unborn child H412 - Harmful to aquatic life with long lasting effects

P308+P313 - If exposed or concerned: Get medical advice/attention.

P405 - Store locked up.

P501 - Dispose of contents/container in accordance with local, regional, national, and international regulations.

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### 2.3. Other Hazards

Other Hazards Not Contributing Exposure may aggravate pre-existing eye, skin, or respiratory conditions.

#### 2.4. Unknown Acute Toxicity (GHS-US)

No data available

## **SECTION 3: Composition/Information On Ingredients**

#### 3.1. Substances

Not applicable

#### 3.2. Mixture

| Name  | Product Identifier  | %       | GHS-US Classification  |
|---|---------------------|---------|--|
| Silanamine, 1,1,1-trimethyl-N-<br>(trimethylsilyl)-, hydrolysis<br>products with silica | (CAS No) 68909-20-6 | 20 - 40 | Not classified   |
| Octamethylcyclotetrasiloxane  | (CAS-No.) 556-67-2  | < 0.25  | Flam. Liq. 3, H226<br>Repr. 2, H361<br>Aquatic Chronic 1, H410 |

Full text of H-phrases: see section 16

## **SECTION 4: First Aid Measures**

#### 4.1. Description of First-aid Measures

| First-aid Measures General               | Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).                          |
|--|--|
| First-aid Measures After<br>Inhalation   | When symptoms occur: go into open air and ventilate<br>suspected area. Obtain medical attention if breathing difficulty<br>persists.                     |
| First-aid Measures After Skin<br>Contact | Remove contaminated clothing. Drench affected area with water for at least 15 minutes. Obtain medical attention if irritation develops or persists.      |
| First-aid Measures After Eye<br>Contact  | Rinse cautiously with water for at least 15 minutes. Remove<br>contact lenses, if present and easy to do. Continue rinsing.<br>Obtain medical attention. |
| First-aid Measures After                 | Rinse mouth. Do NOT induce vomiting. Obtain medical  |
| Ingestion                                | attention.   |
| 4.2. Most Important Symptoms             | and Effects Both Acute and Delayed   |
| Symptoms/Injuries                        | Suspected of damaging fertility or the unborn child.   |
| Symptoms/Injuries After<br>Inhalation    | Prolonged exposure may cause irritation.   |
| Symptoms/Injuries After Skin<br>Contact  | Prolonged exposure may cause skin irritation.  |
| Symptoms/Injuries After Eye<br>Contact   | May cause slight irritation to eyes.   |
| Symptoms/Injuries After<br>Ingestion     | Ingestion may cause adverse effects.   |
| Chronic Symptoms                         | Suspected of damaging fertility or the unborn child.   |

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### 4.3. Indication of Any Immediate Medical Attention and Special Treatment Needed

If exposed or concerned, get medical advice and attention. If medical advice is needed, have product container or label at hand.

## **SECTION 5: Fire-Fighting Measures**

#### 5.1. Extinguishing Media

Suitable Extinguishing Media : Water spray, dry chemical, foam, carbon dioxide. Unsuitable Extinguishing Media : Do not use a heavy water stream. Use of heavy stream of water

may spread fire.

#### 5.2. Special Hazards Arising From the Substance or Mixture

| Fire Hazard                    | Not considered flammable but may burn at high temperatures. |
|--------------------------------|---|
| Explosion Hazard               | Product is not explosive.                                   |
| Reactivity                     | Hazardous reactions will not occur under normal conditions. |
| 5.3. Advice for Firefighters   |   |
| Precautionary Measures Fire    | Exercise caution when fighting any chemical fire.           |
| Firefighting Instructions      | Use water spray or fog for cooling exposed containers.      |
| Protection During Firefighting | Do not enter fire area without proper protective equipment, |
|                                | including respiratory protection.                           |

## **SECTION 6: Accidental Release Measures**

#### 6.1. Personal Precautions, Protective Equipment And Emergency Procedures

| 6.1. rersonal rrecautions, r   | rotective Equipment And Emergency Procedures                    |
|--------------------------------|---|
| General Measures               | Do not get in eyes, on skin, or on clothing. Do not breathe     |
|                                | vapor, mist or spray.   |
| 6.1.1. For Non-Emergency Perso | onnel   |
| Protective Equipment           | Use appropriate personal protective equipment (PPE).            |
| Emergency Procedures           | Evacuate unnecessary personnel.                                 |
| 6.1.2. For emergency responde  | rs  |
| Protective Equipment           | Equip cleanup crew with proper protection.                      |
| Emergency Procedures           | Upon arrival at the scene, a first responder is expected to     |
|                                | recognize the presence of dangerous goods, protect oneself      |
|                                | and the public, secure the area, and call for the assistance of |
|                                | trained personnel as soon as conditions permit. Ventilate area. |

#### 6.2. Environmental Precautions

Prevent entry to sewers and public waters.

#### 6.3. Methods and Materials for Containment and Cleaning Up

| Contain any spills with dikes or absorbents to prevent migration |
|--|
| and entry into sewers or streams.                                |
| Clean up spills immediately and dispose of waste safely.         |
| Transfer spilled material to a suitable container for disposal.  |
| Contact competent authorities after a spill.                     |
|  |

#### 6.4. Reference to Other Sections

See Section 8 for exposure controls and personal protection and Section 13 for disposal considerations.

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

## **SECTION 7: Handling And Storage**

#### 7.1. Precautions for Safe Handling

| Precautions for Safe Handling                          | Wash hands and other exposed areas with mild soap and<br>water before eating, drinking or smoking and when leaving<br>work. Obtain special instructions before use. Do not handle until<br>all safety precautions have been read and understood. Do not<br>get in eyes, on skin, or on clothing. Do NOT breathe (vapor, |
|--|---|
|  | mist, spray).   |
| Hygiene Measures                                       | Handle in accordance with good industrial hygiene and safety  |
|  | procedures.   |
| 7.2. Conditions for Safe Storage                       | e, Including Any Incompatibilities  |
| Technical Measures                                     | Comply with applicable regulations.   |
| Storage Conditions                                     | Keep container closed when not in use. Store in a dry, cool<br>place. Keep/Store away from direct sunlight, extremely high or<br>low temperatures and incompatible materials.   |
| Incompatible Materials                                 | Strong acids, strong bases, strong oxidizers.   |
| 7.3. Specific End Use(s)<br>For professional use only. |   |

## **SECTION 8: Exposure Controls/Personal Protection**

#### 8.1. Control Parameters

For substances listed in section 3 that are not listed here, there are no established exposure limits from the manufacturer, supplier, importer, or the appropriate advisory agency including: ACGIH (TLV), or OSHA (PEL).

| Silanamine, 1,1,1-trimethyl-N-(trimethylsilyl)-, hydrolysis products with silica (68909-20-6) |                        |  |
|---|------------------------|--|
| USA OSHA  | OSHA PEL (TWA) (mg/m³) | 6 mg/m <sup>3</sup>                    |
| USA OSHA  | OSHA PEL (TWA) (ppm)   | 20 mppcf (80 mg/m³/%SiO <sub>2</sub> ) |

#### 8.2. Exposure Controls

| Appropriate Engineering | J |
|-------------------------|---|
| Controls                |   |

Personal Protective Equipment

Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure adequate ventilation, especially in confined areas. Ensure all national/local regulations are observed. Gloves. Protective clothing. Protective goggles. Insufficient ventilation: wear respiratory protection.

Materials For Protective Clothing Hand Protection Eye And Face Protection Skin And Body Protection Respiratory Protection Chemically resistant materials and fabrics.

Wear protective gloves. Chemical safety goggles. Wear suitable protective clothing. If exposure limits are exceeded or irritation is experienced, approved respiratory protection should be worn. In case of inadequate ventilation, oxygen deficient atmosphere, or where exposure levels are not known wear approved respiratory protection.

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Other Information

When using, do not eat, drink or smoke.

## **SECTION 9: Physical and Chemical Properties**

#### Information on Basic Physical and Chemical Properties 9.1.

|                                       | a onennear ropenne |
|---------------------------------------|--------------------|
| Physical State                        | Liquid             |
| Appearance                            | Colorless          |
| Odor                                  | Odorless           |
| Odor Threshold                        | No data available  |
| рН                                    | No data available  |
| Evaporation Rate                      | No data available  |

| Flammability (solid, gas)             | Not applicable     |
| Vapor Pressure                        | No data available  |
| Relative Vapor Density at 20 °C       | No data available  |
| Relative Density                      | > ]                |
| Solubility                            | No data available  |
| Partition Coefficient n-Octanol/Water | No data available  |
| Viscosity                             | No data available  |
| 9.2. Other Information                |                    |

#### Other Information

VOC content

<1%

## **SECTION 10: Stability and Reactivity**

#### 10.1. Reactivity

Hazardous reactions will not occur under normal conditions.

#### 10.2. Chemical Stability

Stable under recommended handling and storage conditions (see section 7).

10.3. Possibility of Hazardous Reactions

Hazardous polymerization will not occur.

#### 10.4. Conditions to Avoid

Direct sunlight, extremely high or low temperatures, and incompatible materials.

#### 10.5. Incompatible Materials

Strong acids, strong bases, strong oxidizers.

#### 10.6. Hazardous Decomposition Products

Will decompose above 150 °C (> 300 °F) releasing formaldehyde vapors. Formaldehyde is a potential carcinogen and can act as a potential skin and respiratory sensitizer. Formaldehyde can also cause respiratory and eye irritation.

## **SECTION 11: Toxicological Information**

#### 11.1. Information on Toxicoloaical Effects

| Acute Toxicity | : Not classified |     |
|----------------|------------------|-----|
| 11/02/2023     | EN (English US)  | 5/8 |

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| Symptoms/Injuries After Skin<br>Contact         | Prolonged exposure may cause skin irritation.          |
| Symptoms/Injuries After Eye<br>Contact          | May cause slight irritation to eyes.                   |
| Symptoms/Injuries After<br>Ingestion            | Ingestion may cause adverse effects.                   |
| Chronic Symptoms                                | Suspected of damaging fertility or the unborn child.   |

## **SECTION 12: Ecological Information**

#### 12.1. Toxicity

| 12.2. Persistence and Degradability |  |  |
|-------------------------------------|--|--|
| NOEC Chronic Fish                   | 0.0044 mg/l  |  |
| LC50 Fish                           | > 22 µg/l  |  |
| Octamethylcyclotetrasilox           | ane (556-67-2)                                     |  |
| Ecology - General                   | Harmful to aquatic life with long lasting effects. |  |
| -                                   |  |  |

## MED-4980 Part A

Persistence and Degradability May cause long-term adverse effects in the environment.

#### 12.3. Bioaccumulative Potential MED-4980 Part A **Bioaccumulative Potential** Not established. Octamethylcyclotetrasiloxane (556-67-2) BCF Fish 1 (12400 dimensionless) Partition coefficient n-6.488 (at 25.1 °C) octanol/water (Log Pow)

## 12.4. Mobility In Soil

No additional information available

## 12.5. Other Adverse Effects

Other Information Avoid release to the environment.

## **SECTION 13: Disposal Considerations**

#### 13.1. Waste Treatment Methods

| Waste Disposal            | Dispose of contents/container in accordance with local, |
|---------------------------|---|
| Recommendations           | regional, national, and international regulations.      |
| Additional Information    | Container may remain hazardous when empty. Continue to  |
|                           | observe all precautions.                                |
| Ecology - Waste Materials | Avoid release to the environment.                       |

## **SECTION 14: Transport Information**

The shipping description(s) stated herein were prepared in accordance with certain assumptions at the time the SDS was authored, and can vary based on a number of variables that may or may not have been known at the time the SDS was issued.

14.1. In Accordance with DOT Not regulated for transport

- 14.2. In Accordance with IMDG Not regulated for transport
- **14.3.** In Accordance with IATA Not regulated for transport

### SECTION 15: Regulatory Information

#### 15.1. US Federal Regulations

All components in this mixture are listed on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory, have been exempted, or are not disclosed due to CBI requirements or disclosure rules according to the relevant regulation.

## **SECTION 2: Hazards Identification**

#### 2.1. Classification of the Substance or Mixture

#### **GHS-US Classification**

Repr. 2H361Aquatic Chronic 3H412Full text of hazard classes and H-statements: see section 16

#### 2.2. Label Elements

#### GHS-US Labeling

Hazard Pictograms (GHS-US)

Warning

Signal Word (GHS-US) Hazard Statements (GHS-US)

Precautionary Statements (GHS-US)

P201 - Obtain special instructions before use.
P202 - Do not handle until all safety precautions have been read and understood.
P273 - Avoid release to the environment.
P280 - Wear protective gloves, protective clothing, and eye protection.

H361 - Suspected of damaging fertility or the unborn child H412 - Harmful to aquatic life with long lasting effects

P308+P313 - If exposed or concerned: Get medical advice/attention.

P405 - Store locked up.

P501 - Dispose of contents/container in accordance with local, regional, national, and international regulations.

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### 2.3. Other Hazards

Other Hazards Not Contributing Exposure may aggravate pre-existing eye, skin, or respiratory conditions.

#### 2.4. Unknown Acute Toxicity (GHS-US)

No data available

## **SECTION 3: Composition/Information On Ingredients**

#### 3.1. Substances

Not applicable

#### 3.2. Mixture

| Name  | Product Identifier  | %       | GHS-US Classification   |

| Silanamine, 1,1,1-trimethyl-N-<br>(trimethylsilyl)-, hydrolysis<br>products with silica | (CAS No) 68909-20-6 | 20 - 40 | Not classified  |
| 3-Butyn-2-ol, 2-methyl-   | (CAS No) 115-19-5   | < 1     | Flam. Liq. 2, H225<br>Acute Tox. 4 (Oral), H302<br>Eye Dam. 1, H318<br>Repr. 2, H361<br>STOT SE 3, H336 |
| Octamethylcyclotetrasiloxane  | (CAS-No.) 556-67-2  | < 0.25  | Flam. Liq. 3, H226<br>Repr. 2, H361<br>Aquatic Chronic 1, H410  |

Full text of H-phrases: see section 16

## **SECTION 4: First Aid Measures**

#### 4.1. Description of First-aid Measures

| First-aid Measures General              | Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). |
|---|---|
| First-aid Measures After                | When symptoms occur: go into open air and ventilate   |
| Inhalation                              | suspected area. Obtain medical attention if breathing difficulty persists.  |
| First-aid Measures After Skin           | Remove contaminated clothing. Drench affected area with   |
| Contact                                 | water for at least 15 minutes. Obtain medical attention if irritation develops or persists.                                     |
| First-aid Measures After Eye            | Rinse cautiously with water for at least 15 minutes. Remove   |
| Contact                                 | contact lenses, if present and easy to do. Continue rinsing.<br>Obtain medical attention.                                       |
| First-aid Measures After                | Rinse mouth. Do NOT induce vomiting. Obtain medical   |
| Ingestion                               | attention.  |
| 4.2. Most Important Symptoms            | and Effects Both Acute and Delayed  |
| Symptoms/Injuries                       | Suspected of damaging fertility or the unborn child.  |
| Symptoms/Injuries After<br>Inhalation   | Prolonged exposure may cause irritation.  |
| Symptoms/Injuries After Skin<br>Contact | Prolonged exposure may cause skin irritation.   |

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| Symptoms/Injuries After Eye<br>Contact  | Prolonged exposure may cause irritation.             |  |
|---|--|--|
| Symptoms/Injuries After   | Ingestion may cause adverse effects.                 |  |
| Ingestion<br>Chronic Symptoms   | Suspected of damaging fertility or the unborn child. |  |
| 4.3. Indication of Any Immediate Medical Attention and Special Treatment Needed |  |  |

If exposed or concerned, get medical advice and attention. If medical advice is needed, have product container or label at hand.

## **SECTION 5: Fire-Fighting Measures**

#### 5.1. Extinguishing Media

Protection During Firefighting

Suitable Extinguishing Media: Water spray, dry chemical, foam, carbon dioxide.Unsuitable Extinguishing Media: Do not use a heavy water stream. Use of heavy stream of water<br/>may spread fire.

#### 5.2. Special Hazards Arising From the Substance or Mixture

| Fire Hazard                  | Not considered flammable but may burn at high temperatures. |
|------------------------------|---|
| Explosion Hazard             | Product is not explosive.                                   |
| Reactivity                   | Hazardous reactions will not occur under normal conditions. |
| 5.3. Advice for Firefighters |   |
| Precautionary Measures Fire  | Exercise caution when fighting any chemical fire.           |
| Firefighting Instructions    | Use water spray or fog for cooling exposed containers.      |

including respiratory protection.

Do not enter fire area without proper protective equipment,

## **SECTION 6: Accidental Release Measures**

#### 6.1. Personal Precautions, Protective Equipment And Emergency Procedures

| •                                  | ective Equipment And Emergency hocedores  |
|------------------------------------|---|
| General Measures                   | Do not get in eyes, on skin, or on clothing. Do not breathe   |
|                                    | vapor, mist or spray.   |
| 6.1.1. For Non-Emergency Personn   | el  |
| Protective Equipment               | Use appropriate personal protective equipment (PPE).  |
| Emergency Procedures               | Evacuate unnecessary personnel.   |
| 6.1.2. For emergency responders    |   |
| Protective Equipment               | Equip cleanup crew with proper protection.  |
| Emergency Procedures               | Upon arrival at the scene, a first responder is expected to<br>recognize the presence of dangerous goods, protect oneself<br>and the public, secure the area, and call for the assistance of<br>trained personnel as soon as conditions permit. Ventilate area. |
| 6.2. Environmental Precautions     |   |
| Prevent entry to sewers and public | waters.   |
| 6.3. Methods and Materials for     | Containment and Cleaning Up   |

|                         | · · · · · · · · · · · · · · · · · · ·                            |
|-------------------------|--|
| For Containment         | Contain any spills with dikes or absorbents to prevent migration |
|                         | and entry into sewers or streams.                                |
| Methods for Cleaning Up | Clean up spills immediately and dispose of waste safely.         |
|                         | Transfer spilled material to a suitable container for disposal.  |
|                         | Contact competent authorities after a spill.                     |
|                         | •  |

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### 6.4. Reference to Other Sections

See Section 8 for exposure controls and personal protection and Section 13 for disposal considerations.

## **SECTION 7: Handling And Storage**

#### 7.1. Precautions for Safe Handling

Precautions for Safe Handling Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not get in eyes, on skin, or on clothing. Do NOT breathe (vapor, mist, spray). Hygiene Measures Handle in accordance with good industrial hygiene and safety procedures. 7.2. Conditions for Safe Storage, Including Any Incompatibilities **Technical Measures** Comply with applicable regulations. Storage Conditions Keep container closed when not in use. Store in a dry, cool place. Keep/Store away from direct sunlight, extremely high or

Incompatible Materials

#### 7.3. Specific End Use(s)

For professional use only.

## **SECTION 8: Exposure Controls/Personal Protection**

#### 8.1. Control Parameters

For substances listed in section 3 that are not listed here, there are no established exposure limits from the manufacturer, supplier, importer, or the appropriate advisory agency including: ACGIH (TLV), or OSHA (PEL).

| Silanamine, 1,1,1-trimethyl-N-(trimethylsilyl)-, hydrolysis products with silica (68909-20-6) |                        |                           |
|---|------------------------|---------------------------|
| USA OSHA  | OSHA PEL (TWA) (mg/m³) | 6 mg/m <sup>3</sup>       |
| USA OSHA  | OSHA PEL (TWA) (ppm)   | 20 mppcf (80 mg/m³/%SiO2) |

#### 8.2. Exposure Controls

Appropriate Engineering Controls

Personal Protective Equipment

available in the immediate vicinity of any potential exposure.
Ensure adequate ventilation, especially in confined areas.
Ensure all national/local regulations are observed.
Gloves. Protective clothing. Protective goggles. Insufficient ventilation: wear respiratory protection.

Emergency eye wash fountains and safety showers should be

low temperatures and incompatible materials. Strong acids, strong bases, strong oxidizers.

Materials For Protective Clothing Hand Protection Eye And Face Protection Skin And Body Protection Chemically resistant materials and fabrics.

Wear protective gloves. Chemical safety goggles. Wear suitable protective clothing. Safety Data Sheet

According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| Respiratory Protection | If exposure limits are exceeded or irritation is experienced,<br>approved respiratory protection should be worn. In case of<br>inadequate ventilation, oxygen deficient atmosphere, or<br>where exposure levels are not known wear approved<br>respiratory protection. |
|------------------------|--|
| Other Information      | When using, do not eat, drink or smoke.  |

## **SECTION 9: Physical and Chemical Properties**

#### 9.1. Information on Basic Physical and Chemical Properties

| Physical State                    | Liquid                  |
|-----------------------------------|-------------------------|
| Appearance                        | Colorless               |
| Odor                              | Odorless                |
| Odor Threshold                    | No data available       |
| рН                                | No data available       |
| Evaporation Rate                  | No data available       |
| Melting Point                     | No data available       |
| Freezing Point                    | No data available       |
| Boiling Point                     | No data available       |
| Flash Point                       | > 135 °C (275 °F)       |
| Auto-ignition Temperature         | No data available       |
| Decomposition Temperature         | No data available       |
| Flammability (solid, gas)         | Not applicable          |
| Vapor Pressure                    | No data available       |
| Relative Vapor Density at 20 °C   | No data available       |
| Relative Density                  | > ]                     |
| Solubility                        | No data available       |
| Partition Coefficient n-Octanol/W | Vater No data available |
| Viscosity                         | No data available       |
| 9.2. Other Information            |                         |
| VOC content                       | <1%                     |

## **SECTION 10: Stability and Reactivity**

#### 10.1. Reactivity

Contact with water, alcohols, acids or bases, and many metals or metallic compounds can liberate flammable Hydrogen gas which can form explosive mixtures in air.

#### 10.2. Chemical Stability

Stable at normal conditions.

#### 10.3. Possibility of Hazardous Reactions

Evolved hydrogen gas is flammable and may form explosive mixtures with air.

#### 10.4. Conditions to Avoid

Direct sunlight, extremely high or low temperatures, and incompatible materials.

#### 10.5. Incompatible Materials

Water, alcohols, acids, bases, strong oxidizing agents, catalytic metals, metallic compounds.

Safety Data Sheet According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### 10.6. Hazardous Decomposition Products

Thermal breakdown of this product during fire or very high heat condition may evolve the following hazardous decomposition product: Flammable hydrogen gas. Carbon oxides and traces of incompletely burned carbon compounds. Silicon dioxide. Formaldehyde.

## **SECTION 11: Toxicological Information**

#### 11.1. Information on Toxicological Effects
